

## Cookie Policy

The [diperk.co.uk](http://diperk.co.uk) website ("Website"), which is operated by Finning (UK) Ltd and its group of companies (collectively, "Finning"), uses "cookies", a technology that installs information on a user's computer for various purposes related to operation of the Website, as described in this section. Cookies enhance the convenience and use of the Website for users. Websites must get consent to send cookies to your computer or mobile device unless the cookies are strictly necessary to provide services to you. If you do not wish to allow cookies, please disable them in your browser settings. Disabling cookies may affect your experience of the Website. If you do not accept cookies when prompted to do so you will not be able to use our Website.

Below we explain what cookies we use on our Website, why we use them and whether they are strictly necessary or are some other type of cookie, for example "performance" cookies. We also state whether a cookie is a "persistent" or "session" cookie. The difference is that:

- Persistent cookies remain on your device between browsing sessions. They are activated each time you visit the website that created that particular cookie. For example, where a "persistent cookie" is used on a website to remember your log-in details, you will not need to enter those details each time you visit that website.
- Session cookies allow website operators to link the actions of a user during a browser session. A browser session starts when you open the browser window and finishes when you close the browser window. Session cookies are created temporarily. Once you close the browser, all session cookies are deleted.

### Strictly Necessary Cookies

Strictly necessary cookies are essential; without them, Finning would be unable to operate the Website or provide its services via the Website. We would not be able to operate our Website without using the "strictly necessary" cookies listed below.

Cookie	Name	Purpose	Persistent/Session	More Information
.NET	ASP.NET_SessionId	Used to maintain an anonymised user session by the server for Microsoft .NET systems	Session	

### Performance Cookies

Performance cookies collect information about how visitors use a website, for instance, which pages visitors go to most often and if they get error messages from web pages. These cookies do not collect information that identifies a visitor. Any information collected by these cookies is anonymous. Finning only uses such information to improve the Website. The performance cookies used on our Website are:

Cookie	Name	Purpose	Persistent/Session	More Information
Google Analytics	_gid	Used to track pages visited	Persistent	
Google Analytics	_gat	Used to throttle the request rate - limiting the collection of data on high traffic sites	Persistent	Expires after 10 minutes
Google Analytics	_ga	Used to distinguish unique users by assigning a randomly generated number as a client identifier	Persistent	Expires after 2 years

#### Other Websites

This Website may contain links to other websites or internet resources. When you click on one of those links you are contacting another website or internet resource that may collect information about you voluntarily or through cookies or other technologies. Finning has no responsibility or liability for or control over those other websites or internet resources or their collection, use and disclosure of your personal information. You should exercise caution and read the privacy statement applicable to any website you visit, whether through links on this Website or otherwise.
